Regarding multiple purchases. That has nothing to do with state law. If I buy twelve cars and use on to hit someone or something are you going to limit me buying cars which kill more people in accidents per year then guns. No you won't. Stop the BS and go after the real criminals. You keep infringing on my rights till you take them away. Time to vote all of you out this year. That's all you understand. As far as juveniles time to stop slapping wrist. Treat them as adults according to the offense. There is no deterrent in this state. The prisons are country clubs and the criminals have more rights then the victim. Stop feeding us the BS and do your job. Don't like that tough ! You work for the good of all of us not just your money supporters. You are all the best that money can buy in this state. Salvatore a Consiglio jr. New Haven.
